

# Hurricane Sandy Relief Effort

On November 5, 2012, one week after Hurricane Sandy devastated the Jersey Shore, Wildwood's community outreach began. Our community, along with towns and cities as far away as Philly, began to drop off much needed supplies and donations at the firehouse. When we at Island heard of the need for transportation, Tony donated his trucks and gas for the trips, and our Island Staff & Drivers volunteered as well. As you can see in the photos below, we are proud to say, we packed Island's trucks with all the necessities our devastated areas were in need of. All in all, it was a great feeling to know our community and surrounding areas joined together to help our neighbors!
